OCTOBER, 1914

NO. 1

Bloomsburg in 1914-15

The old campus is more attractive than ever. The lawn between Science Hall and the Chapel is no longer red, but a beautiful expanse of well kept verdure. From the main entrance of the campus up to the girls' dormitory there is now, thru the generosity of the class of 1912, a uniform concrete walk which much improves appearances especially at the terrace and around the southern end of the Chapel. Supt. Freas succeeds in keeping not only the interior of all the buildings clean, but also the entire surroundings like a park. His successful farming contributes much that otherwise would be impossible to supply, in these days of high prices, to the table.

Having survived the inevitable shrinkage in attendance due to the lengthening of the course to four years, the school has entered upon what those in closest touch with affairs believe to be an era of prosperity both for itself and for the public schools. The four years' course has made possible a co-ordination of

High School and Normal School work which has already turned more High School graduates than ever before to the Normal Schools, and which will be more effective still when the remaining difficulties attending the beginning of such adjustments shall have been removed by mutual conferences. In another way the four years' course of study will improve the teaching in the public schools.

Graduates, so long as the Normal Schools are faithful to their trust, who are recommended by the Faculty, will be admitted not to the Freshman, but to the Sophomore classes of Cornell and of Michigan Universities, and doubtless very soon to those of colleges and of other universities, as they come to recognize the cultural value of pedagogical studies. Thus we shall come to have more teachers who are college graduates. While this noteworthy step is improving greatly the quality of the teaching in the commonwealth, it at the same time is increasing attendance at the Normal Schools, for the class of 1915 is 67 per cent. larger than that of 1914; and the class of 1916 is already

larger by 140 per cent., or in other words, is 240 per cent. of the number in that of 1914; and of these 80 per cent. are graduates of High Schools.

Alumni.

The QUARTERLY desires to hear from all Alumni of the institution. Please consider this a personal invitation to let us know all about yourself and all you can tell us concerning your classmates. Address all communications for this department to G. E. Wilbur, Lock Box No. 203.

Rev. John Hewitt—Principal of the Normal School, 1872-3, recently

resigned the rectorship of the Bellefonte Episcopal Church. He will go to North Carolina where he has accepted an appointment by Bishop Cheshire as rector of the Pro-Cathedral of that diocese. His many friends will be pleased to hear of his continued activity and popularity. The foregoing is taken from a local paper.

Miss Mary L. Hastings—a member of the Faculty during the years 1877-84, spent a few days this Summer visiting friends in Bloomsburg. She was very happily greeted by all who were fortunate enough to meet her.

A. Bruce Black—teacher of penmanship at the Normal School—left Bloomsburg and the United States immediately following Commencement last June, with the expressed intention of touring Europe. He reached Europe and did some touring, but certain peculiar conditions arising on the continent induced him to change his plans, and thereby hangs a tale. He returned to this country in safety, after some tribulations and is now as enthusiastically as ever at work in his department in the school. Many of his experiences abroad are very interesting.

Prof. Chas. A. Leonard—a member of the Faculty for several years—is now residing in Troy, Pa. Cards have been received from Prof.

and Mrs. Leonard announcing the arrival, Sept. 28th, at their home of Miss Charlotte Helen Leonard. Miss Charlotte will be one year old Sept. 28th, 1915. The Quarterly and their many friends extend congratulations.

Miss Fannie M. Mitchell, in charge of the department of Domestic Science, and Mrs. Mary Kendall, Matron of the School, have been sorely bereaved by the death of their mother, Mrs. Ruth Miller, at her home in Binghamton, N. Y., Sunday Sept. 20, 1914.

The tender sympathy of all connected with the School, as well as their many friends in the community, is sincerely extended.

'70. Rupert, Eva, is teaching in a girl's school in Albemarle, N. C. She with an associate teacher, Miss Houser, passed a week or more in Bloomsburg the latter part of July. They were on their way to attend a convention in Hartford, Conn.

'73. Buckingham, Dr. Hugh, is a very successful Physician and Surgeon at Mehafeff, Pa. He attended the Commencement of 1913 and, alone, celebrated the fortieth anniversary of his graduation. He appeared to greatly enjoy the visit to his Alma Mater.

'74. Sheep, Lloyd S., has been teaching many years in North Carolina and has been connected with the schools of Elizabeth City for thirty-five years. He has been

principal of the Atlantic Collegiate Institute, Superintendent of the County Public Schools, and Superintendent of the City Graded School. He has resigned the position of City Superintendent. A public meeting of the citizens of Elizabeth City was held on the evening of August 27th, to do honor to Prof. Sheep. The Mayor of the city presided and resolutions of a very complimentary character were adopted. The most glowing tributes were paid to his high moral and christian character, and educational ability. A gold watch and chain were presented as a token of the esteem in which he was held.

'75. Evans, Lorena G., a teacher in the Harrisburg High School, visited the Normal School Oct. 10, and was warmly greeted. She is Secretary of the Class of '75 and is making arrangements for the reunion of that class next June. We hardly dare state what anniversary that will be. It is more than the twentieth.

'84. Sweeney, Chas. P., (State Certificate) resigned, last May, the Superintendency of the Darby Public Schools. He is now endeavoring to regain his health.

'84. Low, Helen M., (Sp. Course) died at her home, Lime Ridge, Pa., Thursday afternoon, September 3rd, 1914. She was taken ill Tuesday night, Sept. 1st, and rapidly failed. Heart disease was the cause of her death. She was a member of the D. A. R. and of the Century Club

of Bloomsburg, and was actively interested in the literary life of the town.

Funeral services were held at the home, Saturday afternoon. Interment in the family plot in Pine Grove Cemetery, Berwick, Pa.

'84. Eckburt, (Lupfer) Lottie D., may now be addressed at 266 N. 25th St., Portland, Oregon.

'85. Miller, (Melick) Annie, now a happy housekeeper at Media, Pa., wrote a very kindly letter to the editor of this department sometime ago. We take the liberty to quote therefrom. We are sure Annie will forgive us. "*The Quarterly* came in this morning and as usual I sat right down to read it, regardless of the many little duties which kept peeping over my shoulders to see what was luring me away from them. I want to commend my *Alma Mater* for the school spirit which prompts her to try, at least, to keep in touch with her graduates. It seems to me that those of the earlier years are not appreciating the privilege—or are they not interested in Old Normal any longer?—that so few items appear from the graduates of the eighties. As the years roll 'round—the happy years—they take us farther and farther away from our youth and from our schoolmates, but a printed word, now and then, often brings back in the reading the joy of a whole year. And is it not possible that away off from the rest of us, somewhere is a class-mate a little more isolated and

lonely than we are, who watches eagerly the advent of *The Quarterly*, hoping this time for news of his class. Let me urge then, through you, that at least those of us who graduated in the eighties turn over a new leaf and for the sake of the other one, send a little personal item once a year." We most heartily commend this spirit and trust that many will take it to their hearts.

'85. Birch, Dr. Bruce T., is a Professor at Wittenberg College, Springfield, Ill. A local paper of August says: Doctor Birch is a Bloomsburg boy and his legion of friends are glad to note his success. He is an instructor in a Lutheran College at Springfield and is one of the rising young men of the Lutheran church.

'85. Hagenbuch (Holmes) Cora E.—Mr. and Mrs. Holmes, on the evening of May 22, celebrated the Silver Anniversary of their wedding at their home, corner of First and West Sts., Bloomsburg. Intimate friends, relatives and members of the original wedding party were present. The rooms of the house were beautifully decorated with flowers and plants. A wedding supper was served at 6 o'clock and the guests spent the evening at the home. In the party were the bridesmaid and groomsman, Mr. and Mrs. Fred Holmes (Edith V. Ent '85). Many of the guests present attended the wedding twenty-five years ago.

'85, McNiff, M. Katherine (Sci.

C. '89). The *Harrisburg Telegraph* declares that Miss McNiff has demonstrated beyond question the practical side of Latin as a subject for public school study. In an exhibit of the work in Latin in the Central High School last spring, were found 125 large charts prepared by her pupils, illustrating the benefits of the study of Latin to a student of English, French, Italian, Spanish, and German; of physiology, zoology, physics, chemistry, medicine and modern inventions; a comparison of ancient and modern thought in such topics as the high cost of living, woman's suffrage, municipal elections and divorce; also cards tracing the origin of the ideas of our finest architecture, sculpture, paintings, mural decorations, etc. to ancient Greece and Rome. They have invaded the domain of manual training by constructing a model of Caesar's bridge, a scorio, vinea, assaulting tower, a plueus, a roll of papyrus (liber), a Roman temple, an agger, a Roman camp, and relief maps of ancient Rome and "Omnis Gallia."

An hour spent at this exhibition will convince the most skeptical that Latin is by no means a "dead language," but that it is very much alive when handled by a live teacher.

'87, Yetter, O. H., Supervisor of Music in the Bloomsburg public schools was one of the adjudicators at the great Sunday School Musical Contest at the recent State Conven-

tion in Scranton. The Normal School was well represented in the general program, Miss Martha Robison, '92, Supt. of the new department of rural work in the state—presented the plans and purposes of that department; Miss Mabel Moyer, '97, who has a well earned reputation as a beginner's teacher, spoke on some phase of that work; and Miss Eunice Spear, '02, presented the work of the Cradle Roll department.

'87, Smith, K. Maude and Mr. Henry J. Fausel, were married in Chicago, Thursday, July 16, 1914. A local paper says: "The groom is very well and favorably known in town, having been employed by the school for some years. While here he played on the Normal base ball team. For several years he has been engaged as a physical director in Chicago and has been studying medicine.

The bride first came to the school as a critic teacher and later combined that work with that of principal of the Model School. In her work she was exceptionally efficient and under her the Model School reached an exceptionally high standard. Her friendships in town are many and warm." They reside in Chicago at 1441 Cuyler Ave.

'88, Yetter, (Clapham) Ada, with her husband, Mr. John Clapham, arrived in Bloomsburg early in May as refugees from Mexico, leaving everything behind them in that stricken country. They consider

themselves fortunate to have escaped with their lives. The accounts of some of their experiences are interesting and thrilling. Mr. Clapham was a representative of the Mergenthaler Linotype Company as an erector of Linotypes, and has been in Mexico several years, his work taking him into nearly every part of the Republic.

'88, LaWall, Dr. Chas. H. (Sp Coll. Prep.) has once more achieved distinction by discovering a substitute for potassium permanganate used in disinfecting rooms following cases of contagious diseases. This drug was entirely made in Germany, and the European War caused an alarming situation as it was evident that the importation would cease. Full details of the use of this valuable substitute is published in a recent number of the *American Medical Journal*. This is but one example of how the terrible war will make this country more independent of Europe than ever before.

'90, Leshner, Hon. John V. In the attendance record of Congressmen published recently in the *Philadelphia Record*, John was second on the list. He is a candidate for re-election. Dr. T. C. Harter, '78, (Sp. Course), is an independent democratic candidate also.

'90, Hayman, Eleanor, has, since her graduation, added a number of advanced subjects to her diploma and has taken special courses at Susquehanna University and at

State College. She has been engaged in high school teaching for a number of years and this last year was assistant principal of the High School at Shinglehouse, Potter Co., Pa.

'90, Hayman, Adda, (Supplementary Course 1904) took at different times, subsequent to her graduation, additional work at the Normal thus securing the three year diploma and also the diploma of the Supplementary Course. She has also taken a year's work at Bucknell and special courses at State College and Cornell University. She is assistant principal of the high school at Austin, Potter Co., and last year finished her seventh year in Potter County high schools, and her eleventh year of high school work. Miss Adda has also been doing some writing, and some of her rhymes and short stories have been published. Some time ago she wrote a song, "Dimples" which was put to music and published. She and her sister Eleanor still have their home at Turbotville, Pa., and spend a portion of their vacations there. It is their permanent address.

'93, Johnston, Samuel J., has acquired the Columbia Park farm at Lime Ridge, the former owner reserving the Park. He will eventually devote the entire farm to the raising of poultry and hogs. Mr. Johnston will continue to represent the Publishing Company with whom he has been engaged for sev-

eral years

'94, Evans, Wm. W., was re-elected Superintendent of the Public Schools of Columbia County by a nearly two-thirds majority, and this too, after a determined effort on the part of certain politicians to defeat him.

'94, Patterson, J. Howard (Academic) formerly of the Williamsport Bar announces that he has moved his law offices to 1325 Arch Street, Philadelphia.

'95, Marvin, A. W., was elected Superintendent of the Schools of Dickson City, Lackawanna Co.

'95, Briggs, Gertrude, died at the home of her parents in Bloomsburg, Sunday afternoon, April 26, after a lingering illness for several months of Bright's disease. She was a member of the first class to graduate from the local high school. She was well known throughout the county having taught in several of the county schools. She was especially active in church work and in the Sunday School and Ep-

worth League. Miss Luin C. Briggs, '89, was an only sister. Funeral services were held Wednesday, April 29, conducted by Rev. E. R. Heckman, pastor of the First M. E. Church of Bloomsburg. Interment in Rosemont Cemetery

'96, Swartz, Myrtle, another member of the Faculty to start on a tour of Europe last summer. Her experiences in very many respects were very similar to those of Mr. Black, referred to earlier in this department. Suffice it to say that she is safely in the Normal and with her usual force and vigor prosecuting her work in the department of English. She had many interesting experiences and saw mobilization of troops in four countries. She is glad that she is once again in the United States. We, all of us, THE QUARTERLY included are equally as glad.

'97. Low, O. Zerbin, was sadly bereaved Thursday, July 9, by the death of his wife after a brief illness of catarrhal pneumonia. She is survived by three small children, Barton, Spencer and Virginia, the last but twelve days old. Mrs. Low was one of Orangeville's most highly esteemed young women. She was an earnest christian worker. Her loss will be keenly felt by the family and by the community.

'98. Balliet, Blanche P., who completed at Cornell University the work for the degree A. B. has been elected a member of the Faculty at the Lock Haven Normal School. She is teaching in the Science De-

partment. She also acts as Critic Teacher for the 4th, 5th, and 6th grades, for which she is specially qualified, having been a teacher for several years in the grades at Williamsport. The new Principal of the Normal School at Lock Haven was formerly Superintendent of the Williamsport City Schools and knew of Miss Balliet's successful work there. We congratulate her and Lock Haven. Miss Balliet had been elected instructor in English in the Williamsport High School.

'98. Miller, Gertrude. We take the following from *The Morning Press*, June 22. Announcements have been received by Bloomsburg friends of the marriage of Miss Gertrude Miller, daughter of C. W. Miller, Esq., of town, to Hatford Marvin Postle, at Seattle, Washington, June 17th.

Mary M. Thomas, Sec'y.

This will undoubtedly be a great reunion.—ED.

We wish we had space to tell in

full of the reunions held last June. They were largely attended, interesting and very enthusiastic. It does seem as though the reunions of each year were endeavoring to surpass those of preceding years. And they are doing it. At the reunion of the Class of 1912, \$125 was added to the appropriation of \$400 originally made, and with this the Class Memorial was extended along the south front of Institute Hall around to the main entrance, in the form of a concrete walk. This appropriation altogether is the largest that has been given to the school. Several of the classes have begun preparations for next June. Come on! we shall be delighted to greet you.

A Large Enrollment

We are glad to be able to report that the Registrar's record of the enrollment of students at Bloomsburg for the present year is most gratifying to those interested in the progress of the school. Not only was the registration for both Fall and Winter terms close to previous high water marks, but the list of withdrawals has been much smaller than in other years so that the accommodations of the school are being fully employed. This is especially true of the girls' dormitory where practically every available room is now in use. And this, too, in spite of the fact that a special effort was made at the beginning of the school year to provide increased accommodations.

That additional provision will have to be made for those entering for the Spring term is more than probable.

Prospective students will do well to make early arrangements with the Registrar to secure desired accommodations.

Busy Laboratories

With the requirements of the School Code for the work in Science, Agriculture and Domestic Science now going into full effect with large classes our new and thoroughly equipped Science Hall is justifying the foresight of its builders. Its many laboratories are now filled with busy classes every day until long after the winter twilight falls.

To properly meet the increased demands on this department additional lighting equipment was found necessary and during the recent vacation the large laboratories devoted to Biology, Botany, Agriculture and Medical Preparatory work were fully equipped with numerous high power lamps to provide the ample light needed for laboratory work during the short days of the winter term.

The Spring term will begin Tuesday, March 23rd.

The school desires to publish in the forthcoming catalog, a revised list of the Alumni giving the present address and employment of

each one of them, if living. It will be assumed, unless information to the contrary be received, that the facts given in 1911 are still true, and that the married ladies are engaged in the care of their several families. Please help us make the record interesting, more nearly complete and reliable by dropping a line with regard to any graduate. Marriages, changes of residence or employment, and deaths should be noted. Do it now.

Alumni.

The QUARTERLY desires to hear from all Alumni of the institution. Please consider this a personal invitation to let us know all about yourself and all you can tell us concerning your classmates. Address all communications for this department to G. E. Wilbur, Lock Box No 203.

'72, Welliver, Christine. We find the following in a local paper Wednesday, January 20. "Miss Christine Welliver, for the past 15 years a resident of Berwick, was found dead in bed yesterday at the home of O. K. McHenry, East Fourth Street, with whom she made her home. Heart trouble was the cause of death. This morning about 8 o'clock, Edwin McHenry, aged four years, went to her bedroom

and called. She did not answer him and the little fellow shook her. Finally he ran to his mother crying that "Auntie would not talk to me." The family were soon at her bedside and a physician was summoned. Death had occurred about two hours before, he stated."

Miss Welliver was for many years, a popular and successful teacher in the Bloomsburg public schools. She was an active member of the Baptist Church. The funeral services were held Friday, Jan. 22nd in Berwick, interment in Pine Grove Cemetery, Berwick.

'73, Buckingham, Dr. Hugh, is a very popular and successful physician in Mahaffey, Clearfield Co., Pa., and enjoys to a very large extent the esteem and confidence of the people. In the recent Evangelistic movement in Mahaffey the Doctor allied himself fully with the campaign, and at the close of the meetings, in behalf of the people of that community presented the Evangelists (The Turkington Evangelistic Trio) with a purse. The local papers thus speak of the presentation address as especially forceful and impressive, and one of the most eloquent ever given in Mahaffey.

'78, Sanders, William J., also a graduate of Dickinson College—is practicing law in Sunbury, Pa. He is considered one of the strong, substantial men of that section.

'80, Kitchen (Prutzman) Celeste is performing in her characteristic

way the duties of a housekeeper at Trucksville, Pa., and finds time to also be a useful and valuable member of the community. She is busy, just now, in working up the thirty-fifth reunion of the class of '80, and there will be a reunion and a "good old time" even if Celeste has to have it by herself. Their headquarters will be in Room A, on Tuesday afternoon, June 22, 1915. This should be a notice to all other classes whose reunions are due, next June, to get under headway.

'81, Geddis, Ralph M., died at his home, Elmira, N. Y., Wednesday, December 30, 1914. Funeral services were held January 1st, and interment in Elmira. Mr. Geddis, for a time, was a member of the Faculty of the Normal School and resigned to become supervising principal of the Northumberland public schools where he was eminently successful. About 1892, he resigned this position to accept an offer from the Smead, Wills & Co., heating firm. He has resided in Elmira many years. He is survived by his wife (Lillian Brown, '82) and two children, Renah and Ralph, also by two brothers Myron, '85, and Willard. His stepmother is living in Bloomsburg. Mrs. E. E. '87, Johnston, Wm. C., is sojourning, during the winter months in the south. He and Mrs. Johnston are enjoying to their entire satisfaction the tropical fruits, flowers, and balmy atmosphere of Orlando, Florida.

'88, LaWall, Charles H. (Sp. C.) lectured in Bloomsburg, Friday evening, Nov. 16, and discussed pure drugs and foods and kindred topics for the benefit of the community. The lecture was largely attended and greatly appreciated. On the following morning he attended Chapel exercises at the Normal School and talked to the students in a practical and interesting manner along the same lines. He was enthusiastically received. Prof. LaWall is one of the favorite sons of Bloomsburg.

'91, Harman, John G., has resumed his law practice in Bloomsburg, after several years of illness. He is rapidly regaining his former

'93, Kelly, P. A., formerly a teacher of commercial branches at Tamaqua, is now at the head of the Commercial Department of the Bloomsburg High School.

'93, Traub, Rev. Frank M., who came home last year to recover from "Black Water" fever, upon his journey back to his Mission Station at Monrovia, Africa, figured in an accident on the vessel that nearly cost him his life. He was bathing in the swimming pool on board ship when, in diving, he struck the bottom of the pool. It was at first thought he had broken his neck, but it later proved otherwise. The injury proved very serious and when the vessel reached Monrovia, the ship doctor advised against his removal, suggesting that he remain on board until Monrovia was reached on the return trip. He was taken off at a German settlement farther down the coast and remained there a month. Upon his return to Monrovia he had improved sufficiently to be moved and was gradually regaining his health. We

hear that he has been wholly restored.

Luzerne County Alumni Association held their Annual Reunion and Banquet at Hotel Sterling, Thursday evening, October 29th. This was the twenty-fifth reunion and scored a distinct success. Judge John M. Garman '71 officiated as toast master, and as a result the post prandial session was unusually interesting. Responses were made by Profs. Wilbur, Cope, Albert '79, Jenkins '76, and M. H. McAniff '84, T. B. Harrison '81, P. A. Meixell '78, Elizabeth Pugh '13, Mabel Hawk '13 and Francis Dobson '12. G. J. Clark was reelected president, B. Frank Myers, treas-

urer and Miss Nancy Wintersteen, secretary.

The Dauphin County Alumni Association held their fifth Reunion and Banquet on the evening of November 12th, in the Domestic Science Kitchen, 211 Walnut street, Harrisburg. It was an evening of great interest and enjoyment. Pleasing addresses were made by several members of the faculty, and of the Alumni. One of the very pleasing events of the occasion was the unanimous election of Mrs. McNiff to honorary membership in the association. Officers for the year were elected as follows: President, Dr. W. B. Mausteller '92; Vice President, Anna C. Schlayer '97; Treasurer, Margaret Sullivan '91; Secretary, Mary H. Johnson '12.

A number of very interesting reunions were held in other counties but the QUARTERLY has not succeeded in securing accounts thereof.

Athletics

All mention of athletics was crowded out of our previous number of the QUARTERLY. As a matter of record we now include the foot ball schedule :

June 5, Dickinson Sem. at Williamsport.

A number of other teams are being scheduled but as the dates are not finally fixed they are not included.

We, and by that I think it is safe to include most institutions of learn-

ing, we, I repeat, have been fondly believing that a high sense of honor had at last gained control of the athletic matters in our schools and colleges. No longer, as in the early 90's, were athletes "induced" to attend school. Our dream was rudely broken this year by the departure of two of our star players to sister institutions. One was "induced" to leave in the midst of our foot ball season. Three of our players were approached by the coach of a visiting team and told what could be done for them at their school. The result was that one of our boys was registered as a student in the school of that visiting team within a week. This occurred about the middle of October or a few days later, to be exact. During the holidays another boy who had made a reputation as a star foot-ball and basket ball player was approached. It seems that he had distinguished himself on the last day of October. The inducements were so good that he gave up a course of study here and is now where he comes under the eye of a coach whose reputation evidently depends upon drafting stars developed by others. The ethics of the matter will be understood by all except the two Prep. Schools which seemed to profit by the transactions.

A girls' team, in a very nice game on January 19th, defeated a girls' team from the Wilkes-Barre High

School. Score, 24-20 in favor of Bloomsburg.

On Saturday, Jan. 23, no less than six teams representing the Normal were playing basket ball at practically the same hour, the varsity, scrubs and four class teams. As it happened Normal won in each of the six games.

Locals.

Skating parties have been much enjoyed this winter.

The coasting on Normal Hill has been exceptionally good at times. Sleds starting at the Normal fountain have frequently reached the fountain at Market Square.

Much interest has been taken by our students in the revival meetings now being held in town. About four hundred students were present at the services on "Normal" night.

They do say that the Domestic Science department girls make "awful" nice candy. When made for sale for special benefit purposes it goes like hot cakes.

A number of the members of the Faculty have been called upon as instructors in various institutes this fall.

Prof. Cope has begun counting the days. He's at work making a new fishing rod they say. At any

rate the light in the fishing rod shop in Science Hall has been burning late hours recently.

—

The school office reports an unusually heavy demand for catalogs from those planning to enter school for the Spring term.

BLOOMSBURG PENMANSHIP APPROVED.

The current number of the *Palmer Penmanship Pointers* published by the A. N. Palmer Co. devotes three pages to the work in Penmanship now being carried on in this school under the direction of Mr. A. B. Black. Mr. Black's work is described in detail and numerous examples of his pupils' handwriting are reproduced to show their rapid progress.

The article is a wholly unsolicited compliment to Mr. Black and the school and is much appreciated by all concerned.

GYMNASIUM NOTES.

During the Christmas vacation the gymnasium was entirely rewired and a new system of electric lights was installed. All wires are now encased in metal conduits and three high power, nitrogen filled tungsten supply a flood of soft light which reaches every corner of the spacious room, a change which is much appreciated by the basketball players.

The many friends of Mr. John

Weimer, our efficient Director of Athletics, will regret to learn of his disablement by rupture of a blood-vessel in the calf of his leg just before the holidays. The injury while not apparently serious at first was sufficient to prevent his leaving his room during the vacation. He is still suffering from the injury and unable to fully resume his duties.

Class teams in basket ball are now busy in two inter-class championship series of games, all classes having girls' teams as well as the boys. The boys consider it a hardship not to be permitted to cheer the efforts of their fair classmates when the girls' games are going on, only ladies and members of the faculty being admitted as spectators of these games.

The Spring Term

The Spring Term opened on March 23d with a substantial increase in attendance which has filled the dormitories nearly to their ultimate capacity.

The various activities of the term are well under way, the tennis courts and the base ball field are in great demand in out of school hours and on Mondays whole regiments of science students, officered by the teachers of that department, are climbing the heights and storming the trenches of the nearby country in their zeal to capture the fortresses of Nature's secrets. Since April 15th—(*deleted by the Censor.*)

Oh, yes, the Spring term has opened up.

Faculty Educational Club

The April meeting of the Faculty Educational Club was one of the best attended meetings of the year. Fifty-three members and guests on April 19th made a trip in wagons

to a point along the Orangeville Road, called "Daffodil Hill" where the members of the club stopped and picked daffodils. They returned to the school and had supper in Science Hall.

Prof. Foote was the chair man for the April meeting, while Prof. C. H. Albert acted as toastmaster for the after-dinner speeches.

The following responded to toasts: Prof. Sutliff, "April;" Prof. Bakeless, "Optimism;" Miss Schools, "Playgrounds and Outdoor Exercise;" Miss Fiske, "Beauties of Springtime." This was followed by an excellent five minute talk by Dr. D. J. Waller on "Seasons, like Life, have Four Epochs."

1915 Memorial

The Class of 1915 has decided to devote its memorial fund toward the preparation of a new school infirmary.

The rooms in North Hall at present used for infirmary purposes will undoubtedly be needed to accommodate the rapidly increasing attendance of the school in the imme-

diate future, so a small, separate building near the grove will be arranged and equipped as an infirmary. It will give first floor accommodations well apart from the noise and bustle of the school life.

The plans provide for four large rooms, bath and diet kitchen, and two broad porches will give an added touch of comfort.

The trustees of the school, of course, provide the building and will add such funds as may be needed to completely equip the 1915 Memorial Infirmary which will be another evidence of the purpose of all, students and officers alike, to make the material equipment of the Bloomsburg State Normal School second to none in completeness and efficiency.

High School Certificates

The provisions of the School Code concerning the entrance of High School graduates at State Normal Schools have now been in effect long enough to show the convenience and essential justice of the conditions therein laid down for the guidance of the schools concerned. Minor difficulties have of course arisen, but these have been, in general, mere matters of detail not affecting the general principle.

Graduation at a recognized High School now entitles a student to admission to the Normal Course without examination and with certain exemptions depending upon

the official grade of the High School concerned. It does not follow, however, that all students admitted from High Schools of the same grade can be accepted on an equal basis. A certain fixed minimum is established by the School Code for each subject in the Normal Course, and High School certificates may not be accepted for exemption in any subject unless this minimum shall have been accomplished. A student granted admission by the terms of the School law must by that same law be made to supplement insufficient work if necessary. Furthermore, Normal work and High School work in any given subject is not and should not be the same, else is the Normal School doing less, or the High School more, than its proper duty. Every subject without exception, has its proper *method* work which it is the duty of the Normal School to present to the prospective teachers in its charge.

Under these circumstances High School Certificates are given very careful consideration at Bloomsburg with no thought of criticism of the individual High Schools or of their standards of work. Under the present law it is possible for a student to claim exemption at a Normal School for work done at High School and after graduation (without further work in the subject if the exemption be allowed) to secure a position to teach the subject

in a High School which in turn may claim exemption for its students, a deadly circle which no true teacher can defend.

In view of these and other conditions surrounding the acceptance of High School Certificates the Bloomsburg Faculty have decided upon the following regulations which it is expected will govern the action of the school in the future for the admission and exemption of graduates of High Schools.

1st. Certificates to be accepted, either for entrance or advanced standing, should be forwarded directly from the High School authorities to the Normal School. They should *not* be placed in the hands of students.

2nd. Certificates must show actual time (literal 60 minute hours or equivalents) devoted by the student to each subject. In Language and in Science the ground covered should be carefully stated. The grade must be given.

In making these regulations it should be understood that the Faculty is only putting into effect the provisions of the School Code. Certificates previously submitted have been almost uniformly accepted for the wished for credit *when the High School authorities had fulfilled the requirements of the law*. The Schools not complying with the terms of the law have only their own neglect to blame in the few instances where Bloomsburg has delayed in accepting their credentials.

Alumni.

The QUARTERLY desires to hear from all Alumni of the institution. Please consider this a personal invitation to let us know all about yourself and all you can tell us concerning your classmates. Address all communications for this department to G. E. Wilbur, Lock Box No 203.

Reuners, Attention!

The subjoined is a list of the Classes that ought to *reune* next Commencement: '70, '75, '80, '85, '90, '95, '00, '05, '10, '13. The classes of '90 and '05 will be guests of the school. The several classes will meet, in rooms or places designated, Tuesday, June 22nd. The Reunions as a rule are held in the afternoon—in some instances, practically during the entire day.

Do not fail to make necessary arrangements with Prof. F. H. Jenkins, the Registrar, if banquet furnished by the school is desired. Do this promptly—in other words *at once*. As every graduate is supposed to get a copy of THE QUARTERLY, this notice is in lieu of the usual postal card notice sent by the school.

The following is before us: "You are cordially invited to subscribe to a Bloomsburg Literary Institute and State Normal School Alumni Banquet to be held at Hotel Breslin, Broadway and Twenty-ninth Street, New York, on the evening of Saturday, the twenty-fourth of April, at half after seven o'clock. Subscription per couple \$3.50. Sin-

gle subscription \$1.75. The favor of a reply is requested before April seventeenth to Harriet Hitchcock MacMurray, B. S. N. S. '04, 603 Eastern Parkway, Brooklyn, N. Y."

Enclosed with the foregoing invitation is a card saying: "The idea of a B. S. N. S. banquet should appeal to every one of the alumni, and it has often been discussed by many living in New York and vicinity. This dinner is to be a 'get-together' affair to meet old friends and make new ones, and lay plans for an annual re-union. We trust every alumnus or alumna within reasonable distance of New York will co-operate to make this rally a success."

There is no doubt of the ultimate success of the project so long as Mrs. MacMurray is at the head. The school will endeavor to be represented at the function by one or more members of the Faculty.

On Saturday, April 17th, A. R. Brubacher, Ph. D., was inaugurated as President of The State College for Teachers at Albany, N. Y. Mrs. A. R. Brubacher was formerly Miss Rosa M. Haas. Very pleasantly remembered by the students and others as being in charge of the Department of Music at the Normal School during 1893 to 1896.

'69, Appleman, Lloyd P. (Sp. C.) died in San Diego, Cal., Sunday,

February 28th, 1915. He was a resident of Denver, Colo., where he had been engaged in the insurance and real estate business since 1881. He is survived by a widow and two sons. Mrs. D. J. Waller, Jr., and Mrs. A. Z. Schoch of Bloomsburg, are sisters.

Interment was made in Denver, Colo.

'70, Ehrhart, William N., died March 31st, at his home in Mahanoy City of pernicious anaemia. He was for many years superintendent of the public schools of Mahanoy City. He was popular among teachers and pupils. Mr. Ehrhart served during the Civil War and was a prisoner in the famous Libby Prison. He is survived by his widow and one son, Raymond, of Pittsburgh, Pa.

'77, Snyder, J. E. (Sp. C.) a life long resident of Mifflin township, Columbia Co., died at his home, March 31st. He taught school in the county for ten years, and held many offices of trust in the township, among them being Justice of the Peace. He was also well known in P. O. S. of A. circles.

'78, Strauss, I. Hess, is General Agent, Pennsylvania System Lines, Duquesne District, Pittsburgh, Pa.

In October he had a partial stroke of paralysis, affecting his right side. He was housed up, and in bad shape for a time but is almost well again. His physician assures him of ultimate recovery. He hopes to

visit this section in the summer.

'81, Simons, Myron E., is a very successful lawyer in Honesdale, Pa. and is District Attorney of Wayne Co. He is President of one of the flourishing banks of Honesdale, and finds time too to take an active part in the religious and civic duties of the Maple City.

'82, Bierman, Dr. Henry, is a prominent physician living in Bloomsburg. He and his wife, formerly Lou. Sober, '84, (Sp. C.) delightfully entertained, March 31, a large party at a 6 o'clock dinner. The occasion was the twenty-fifth anniversary of their marriage, and it was in every respect an enjoyable event. Among those present were Aaron Sober, father of the bride, and Mr. and Mrs. Philip Bierman, the groom's parents who celebrated their golden wedding about three years ago and are enjoying exceptionally good health.

'82, Moore, E. J. (Ph. D., D. D.) the efficient State Superintendent of the Pennsylvania Anti Saloon League with headquarters in Philadelphia is at home at 110 Nippon St., Mt. Airy, Phila., where Mrs. Moore, formerly Lu. Crippen, '82, presides over the household, Dr. Moore says: "caring for it in her usual thorough style, I gladly yield the throne; she is the boss." Lu. is a busy woman, aside from her home duties she is one of the managers of the American Board of the McCall Mission, and also one of the

branch officers of the Women's Foreign Missionary Society of the Methodist Episcopal Church. She is in large demand as a public speaker—more calls than she can or will accept.

The trustees of the State Anti-Saloon League adopted, in January, a series of resolutions respecting the work of the League. One of these resolutions is particularly graceful in its reference to the work and character of Dr. Moore. We should like to publish the entire resolution but can give only the closing sentence: "In view of these facts and considerations the Board of Trustees of the Pennsylvania Anti-Saloon League in annual session, heartily endorse the exceptionally good and complete annual report, the business-like, up-to-date administration, and the wise, efficient, courageous leadership of our State President."

Dr. and Mrs. Moore do not forget the Normal, their interest in its welfare and continued success is an abiding one.

'83, Hunt, A. Levi, an attorney-at-law, Denver, Colo., died Saturday, March 13, at Denver. Some time ago he suffered a stroke of paralysis since which time he had been confined to his bed in the Park Avenue Hospital. He practiced law in Denver, but for the last three or four years had been specially interested in mining investments in Idaho Springs. He was

about 55 years old. He is survived by his widow and a daughter, Miriam, 8 years old. Mr. Louis Hunt, '84, is a brother.

'83, Mack, Abbie E. of Binghamton, N. Y., spent some time in Bloomsburg in February as the guest of Mrs. J. L. Dillon, (Louise G. Hutchison, '83).

'83, Mowery, Lloyd P. (Sp. C.) of Denver, Colo., has been appointed district representative of the Department of Natural Resources for the Canadian Pacific Railroad, with headquarters in New York City. Mrs. Mowery was formerly Hattie R. Bidleman, '82. (Sp. C.)

'84, Sloan (Andreas) Hattie, was sorely stricken, early in March, by the death, from uremic poisoning, of her son C. Sloan Andreas, aged 20 years.

'85, Wells, Joseph G. (Sp. C.) was married April 15, in Mauch Chunk, Pa., to Miss Mary E. Stedman. The ceremony was performed at the home of the bride's mother, Mrs. John L. Stedman, by Rev. W. C. Roberts, rector of St. Mark's Episcopal Church. They will be at home after May 15th at 111 E. Fifth Street, Bloomsburg, Pa.

'86, Ikeler, Frank A. (Coll. P.) is cashier of the First National Bank, one of the very strong financial institutions of Bloomsburg.

'87, Whitehead (Oberholtzer) Elizabeth R., is residing at 142 Fifth Ave., Troy, N. Y. She is the wife of Rev. H. M. Oberholtzer, a

Lutheran clergyman, who for the past eighteen years has been in the present pastorate. Their only child, Katherine, was graduated from Vassar last June. Mrs. Oberholtzer is interested in the welfare of the Bloomsburg Normal School—and all the years since graduation "have not been sufficient to dim the pleasant memories of the time spent there."

'87, Johnston, William C., is a successful lawyer at the bar of Columbia County with offices at Bloomsburg, Pa. He, with his wife, spent some time this last winter in Florida, in Orlando. He wrote interesting letters to local papers. The South is very nice in cold weather, but year in and year out Pennsylvania is good enough for him.

'88, Hartman, W. Wade, at the recent Central Penna. Conference of the M. E. Church was assigned to the Ridge Avenue Church, Harrisburg, Pa., one of the prominent churches of the Conference. He was strongly recommended for the position of District Superintendent. We have noticed the assignments of some other old students: W. A. Lepley, '79, Milesburg; N. H. Smith, '80, Burnham; E. A. Witman, '78 (Sp. C.) Danville; Marion J. Runyan, '82 (Sp. C.) Airville; Harry C. Moyer, '86, Benezette; and in the Wyoming Conference: Lloyd W. Karschner, '83, Eaton; Clark Callender, '90, Nanticoke;

Ben M. Johns, '94, Plymouth.

'88, LaWall, Charles (Sp. C.) Chemist for the State Dairy and Pure Food Commission, is carrying on a campaign against food unprotected and which is exposed for sale. He recently appeared in a case in Philadelphia, in which cake offered for sale was in question. He found among other things in this cake: sand, coal dust, human hair, wood fragments, cotton fibers, linen fibers, straw, disintegrated vegetable matter, cobwebs, paper fragments, and some other things, but this is sufficient to show that even if the cake were palatable it was not very wholesome. He is desirous of having the Croft bill passed by the legislature.

'89, Stevens, (Taylor), Margaret A., sends to the QUARTERLY a post card from the World's Panama-Pacific Exposition, San Francisco. She says: "Truly wonderful. If any members of my class desire information, write to my home address." The home address is Mrs. John C. Taylor, 159 State Street, New London, Conn.

'90, Patterson, Maude (Sp. C.) Invitations have been received in Bloomsburg to the marriage of Miss Patterson and Mr. Nelson Petty, both of Trenton, N. J., which took place at the home of the bride on the 20th of April.

'92, Kitchen (Creveling) Anna, 184 Rockford Street, Mt. Airy, N. C. Although far away, is greatly

interested in the prosperity of her old school. A letter from her gives corrections to the addresses of a number of old students and other information regarding them. Comparatively few have paid any attention to the earnest appeal in the last QUARTERLY. The school authorities are anxious to have the Alumni list as nearly correct as is possible; but they must have the active assistance of graduates and other former students. Help us.

'93, Gotshall, Mercy E., is still Mercy E. Gotshall—the QUARTERLY "to the contrary notwithstanding." A few years ago a sister was married to Rev. M. M. Dry, the local papers had the names confused in the accounts of the wedding, and hence the error crept into the QUARTERLY, and into the Alumni list as published in the Catalog. The error should have been corrected many years ago. Somebody is to blame. Place it on the Registrar, it's his duty to know such things. Miss Mercy still enjoys "single blessedness" and teaches the Conyngham Township High School with marked success. Her address is Aristes, Pa.

'93, Connelly, Katherine, died at Shenandoah, Sunday night, March 28th, of heart trouble. We have no further particulars.

'93, Purdy, Hiram L. has been appointed postmaster of Sunbury, Pa., and is now in possession of the office. The salary thereof is a good

one. We extend our hearty congratulations.

'93, Drumm, W. H. is connected with the Susquehanna Silk Mills—manufacturers of the Suskana Silks. Mr. Drumm is Superintendent of the branch mills located at Sunbury, Pa., address care of Susquehanna Silk Mills.

'95, Detwiler, (Bader) Mary lives at 163 Main Street, Phoenixville, Pa. Her daughter, Helen, graduates at the High School this June. Mrs. Bader hopes that the members of '95 will remember that this is the year for their twentieth reunion.

'96, Kitchen (Fullmer) Florence, While writing this column very dainty cards were received announcing the arrival at Crescent Farm, Rocky Ford, Colo., April 11th, of Donald Kitchen Fullmer—weight 6½ lbs. He at once made himself at home and concluded to remain.

'97, Hess, Dr. Delbert M., of Rohrsburg, Pa., and Miss Nellie Maud Keller, of Bloomsburg, were married at the Christian church, Bloomsburg, Tuesday, April 6, by Rev. David Francis, pastor of the Christian church, Berwick, Pa. They will reside at Rohrsburg, where Dr. Hess is a successful practicing physician.

'97, Brace, John S., is the local manager of the Bell Telephone Co., Bloomsburg, Pa. He has made several interesting and instructive addresses in near-by places, respecting the telephone and kindred subjects.

'97, Johnson, Josiah H., and Irene B. Mercer, '08, were married Monday, March 1st, at the home of the bride's parents, Bloomsburg, Pa. The marriage ceremony was solemnized by Rev. E. R. Heckman, pastor of the M. E. church, assisted by Rev. J. E. Byers of St. Matthews Lutheran church. The bride has been employed for some time in the Carnegie Library, Pittsburgh, while the groom has a splendid position with the Westinghouse Electric Company. They establish a home at 1342 Singer Place, Wilkesburg. The bride is the daughter of Mary A. (Mercer) Brugler, '82.

'98, Currin, William C. (Sp. C.) had his right arm so badly crushed at the Sweet Steel plant, Williamsport, early in March, that amputation between the elbow and shoulder was necessary. Will's friends most earnestly sympathize with him in the unfortunate accident.

'98, Brown, (Kenney) Anna A., resides at 36 Gates Street, Wilkes-Barre. She says she has two youngsters who are in training to enter the Normal one of these days.

'99, Fetterolf, Rose (Sp. C.) who was doing very satisfactory work as Supervisor of Drawing with the State Department of Education, has relinquished her position and has become a member of the "Billy" Sunday party. One thing is certain. Rose will be a factor in whatever line of work duty calls her.

Athletics.

Base ball is again on the boom. The school will have a good, fast team, if all signs do not fail. Kelsey, Harter and Hodder will take their turns in the box. Gordon will care for the receiving end of the battery line with Baluta as an able understudy.

The infield looks strong with Aten on first, Redlhamer at second, Eves at short and Gress at third. Leidich of course will ably cover the center garden, while a strong list of candidates will contend for the other positions.

On April 3rd, with the mercury down to the freezing point, to say nothing of the wind and dust, our boys tackled the strong Bucknell Uni. team at Lewisburg and made a very good showing, considering the early date and weather.

Locals

Prof. J. C. Foote, who in his out of school hours has been building a home with his own hands at the top of Lightstreet hill is nearing the completion of his task. It is a fine house which would be a credit to any builder.

The school wireless station is being overhauled and refitted with modern and more efficient equipment. This includes a marble switch board, rotary spark gap, oscillation transformer and other incidentals. The rebuilt station will be considerably more efficient and will have a much wider radius of communication.

The next issue of THE QUARTERLY will be in October, the Normal Catalog taking the place of the July issue.
